

Dear Business Partners,

We are pleased to share the latest product information from Sunparadise with you. This update includes changes to our product portfolio, system improvements, and hardware optimizations that offer you greater flexibility in specifications and enhanced reliability in daily use. Below is an overview of the most important new features.

■ MORE COMPETITIVE GLASS PRICES

Glass prices have been made more competitive. The new prices are already listed in the current price list. Please use only the current price list for your calculations and quotes.

■ ROOF GLASS ORDER

From 1 July 2026, roof glass can be ordered directly via Connect for the following systems. The available glass thicknesses can be found in Connect and in the technical documentation.

- PRIME 2.0
- CUBO 2.1
- CUBO Ezie
- Ezie

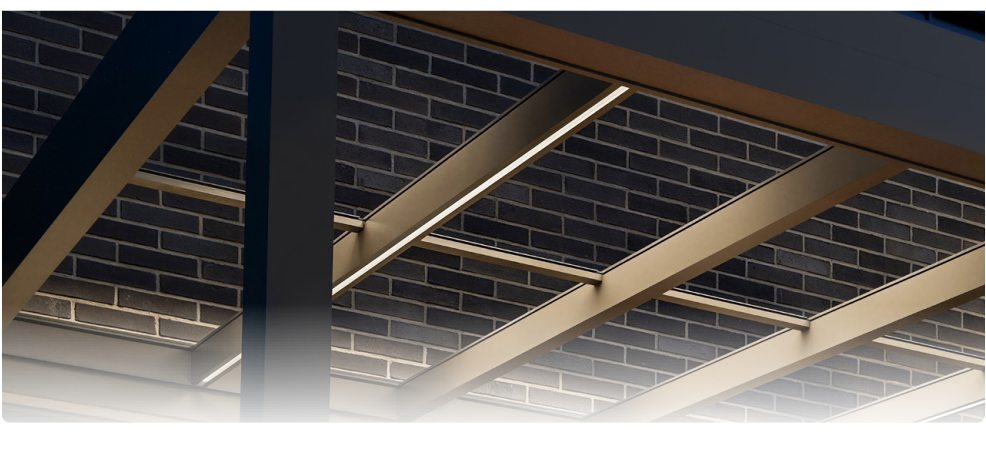

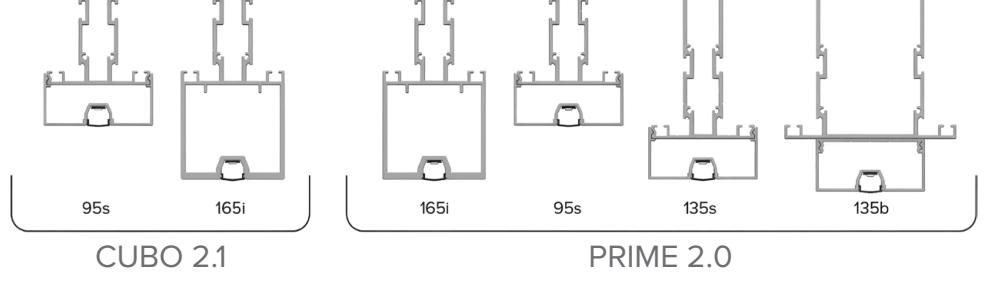

■ NEW: LED STRIPES

From 1 July 2026, LED strips will be available as an option for the CUBO 2.1 and PRIME 2.0 models and can be ordered directly via Connect.

Of course, our tried-and-true LED spotlights are still available. This means you can choose between LED strips and LED spotlights depending on the project and customer preferences.

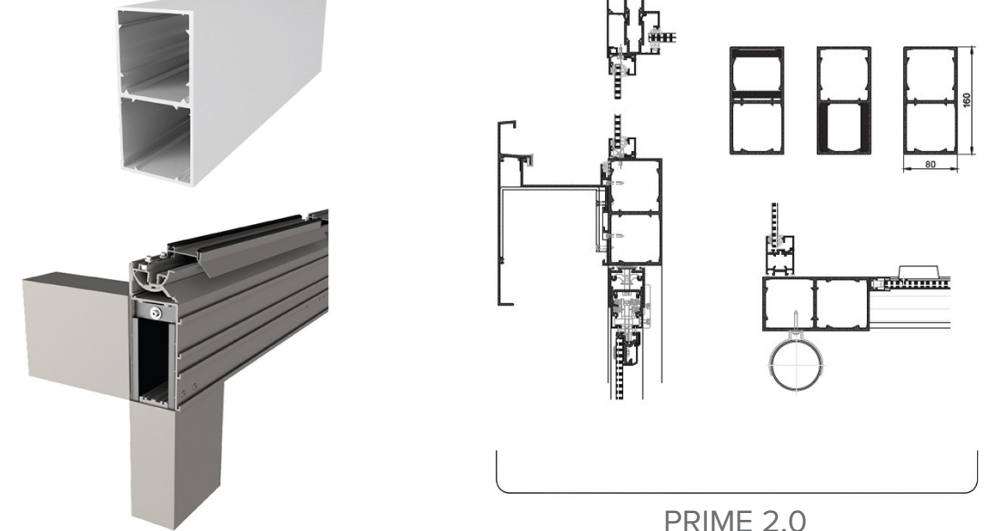

Both lighting options are now listed in Connect

- Rafter with integrated LED mount 165i for PRIME 2.0 and CUBO 2.1
- LED clip profile for 95s rafters for CUBO 2.1
- LED clip profile for 95s, 135s, and 135b rafters for PRIME 2.0

■ NEW: PRIME 2.0 CROSSBAR AND POST PROFILE

A new 160 x 80 mm profile will be available for the PRIME 2.0 system from 1 July 2026. The profile can be used as a crossbar or a post. As a post in the direction of the eaves, and as a crossbar, optionally with steel reinforcement for increased requirements regarding suspended loads (vertical) or increased wind loads (horizontal).

■ REMINDER: FACE-OUT HAWAII 80

Our HAWAII 80 will be discontinued at the end of June 2026.

From 1 July 2026, only the HAWAII 80 2.0 will be available.
