# TRANSPARENT GLASS WALLS

Experience luxury living outdoors

## Infinite freedom

Spend precious time on your terrace or balcony protected from wind and weather. Live the life of luxury with all-glass elements from Sunparadise for enhanced well-being. Whether you require glazing for your balcony or terrace, you will receive a tailored solution that meets your every desire.

## The advantages of all-glass elements

They protect you from wind and weather, elevate your quality of living and increase the value of your property. With an all-glass system, you can enjoy even more benefits:

Lightweight yet sturdy and durable thanks to high-quality materials.

Passive solar energy saves energy costs.

Use of your outdoor area no matter the weather.

Frameless design enables unobstructed views outdoors.

## Sliding glass wall VG 17

The opening mechanism enables all panels to be moved together; quickly and easily.

---

The glass overlap between the panels provides protection from rain and reduces noise pollution.

---

The VG 17 can be seamlessly combined with the sliding shading system ShadingPanel 17.

---

## Expansion of the terrace roof

The use of all-glass elements extends the usability period of the roofed terrace to up to 300 days a year and protects against the elements whilst maintaining maximum visibility.

## Slide & Stack glass wall GSS 17

The entire glazed front is stacked into a small, space-saving parking area.

---

Corner solutions enable unobstructed passage to the outside.

---

Each panel can be moved individually to control drafts and ventilation.

---

## All-glass balcony glazing

The modern and timeless balcony glazing increases your living space, reduces noise and adds a stylish design element to any building.

### Sliding glass wall vg 17

Quick and easy opening and closing of the glass elements.

The balcony area can be used in its entirety thanks to the compact parking of sliding elements.

You can choose whether to have the wall sliding to the left or the right.

### Slide & Stack glass wall gss 17

The entire glazed front is stacked into a small, space-saving parking area.

The main panel can be opened like a window if ventilation is all that's required.

The inward-opening panels of the GSS17 make it a safe and easy to clean option for balconies.

## Catering & hotel industry

Are you a restaurant owner who wants to prolong the time guests can spend on the terrace? All-glass installations provide a sense of freedom, from spring to autumn whatever the weather.

---

Increases the usable dining area.

---

Increases revenue potential.

---

Reduces noise and weather dependency.

---

Reduces energy costs thanks to passive solar gain.

## Room division in the interior

The all-glass walls not only look good from the outside, but they are also an elegant way to divide up a room.

---

More light and air in all rooms.

---

Easy opening and closing of the walls.

---

Obscure glass variant for greater privacy.

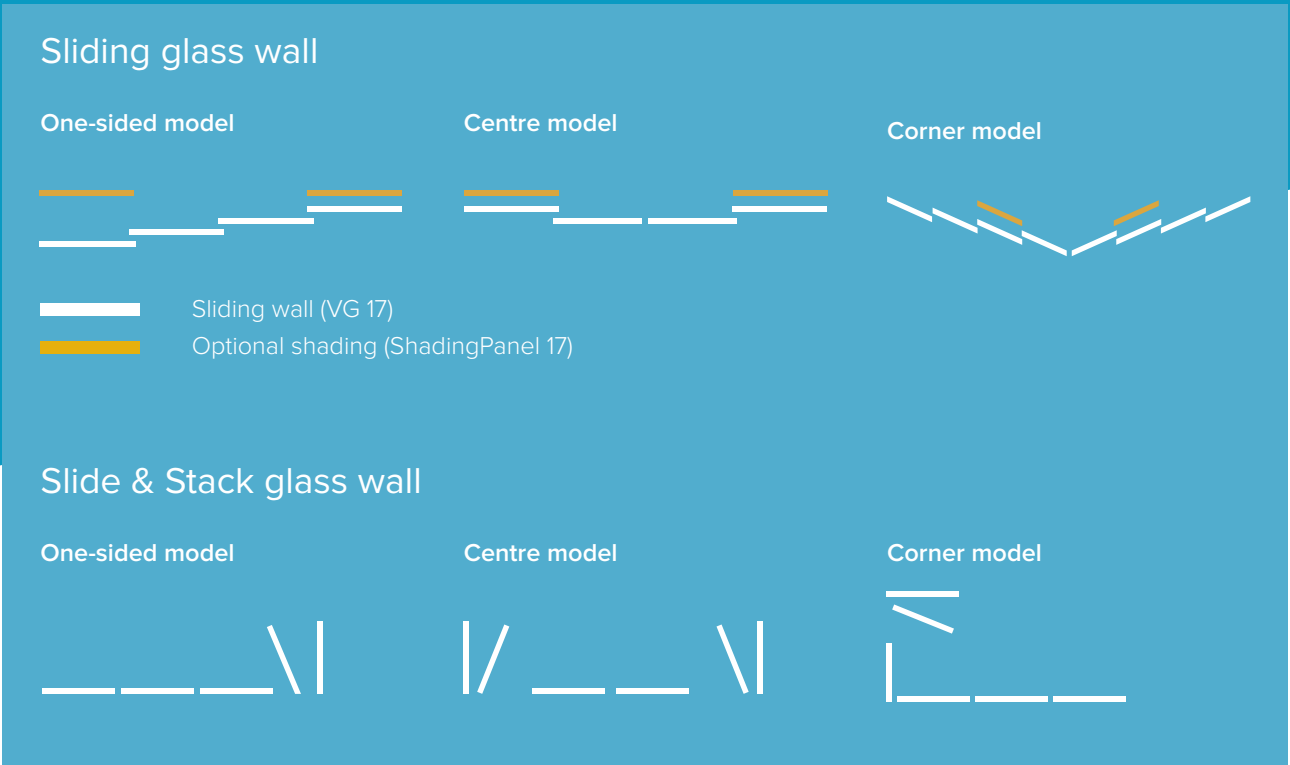

---

Sliding panels and panel package are easily stored.
